

ESPEY ASSIGNED TO OLD POSITION

Returns to G. P. O. After
Illness, But as Blank Sew-
ers' Division Foreman.

BINDERS MUCH PUT OUT

Thought He Would Take Up Acting
Foremanship of Their
Department.

The return of J. A. B. Espey to the Government Printing Office after a long illness and his assignment to the foremanship of the blank sewers' division instead of being returned to the acting foremanship of the bindery, following as it does so closely upon the recent troubles in the latter department, has caused all sorts of rumors and speculation among those who work in the big printery. Several months ago Foreman Burns, of the bindery, was dismissed and Mr. Espey, then foreman of the blank sewers, was made acting foreman of binding. Later he became ill and Assistant Inspector H. F. Ashlin was placed at the head of the bindery as foreman pro tem.

Awaited Espey's Return.
Under Ashlin's administration there have been complaints and suspensions, and the Binders' Union now has under consideration the suspension of Alvin J. Tanner, who, they are inclined to believe, was treated unjustly by Ashlin. The binders, it is claimed, had no complaint to make of Espey's management of the bindery, and were anxiously waiting for his return to the office, when they expected he would resume charge of that department. Yesterday, however, when he returned to work the binders were surprised when they learned that he had been sent back to the blank sewers—his old place—and that Ashlin, against whom they had so many grievances, would continue to be acting foreman of the bindery.

Appointment Only Temporary.
The Public Printer last night, when asked about the situation, said the reassignment of Espey to his old place in the sewers' division had no significance and pointed out that the latter's appointment to the head of the bindery had only been temporary. He further said that the matter of the selection of a foreman for the bindery was still under consideration. Mr. Stillings said he had the names of a number of men before him, but wanted to consider carefully the qualifications and fitness of each and every one of them before making an appointment. He thought it quite likely that his choice would be made from the G. P. O. force.

CAUGHT TWO DESERTERS FROM THE FIERAMOSCA

Pasquale Natall and Antonio Pizzali, sailors on board the Italian man-of-war Fieramosca, as a result of having deserted on last Monday, are lying in the hold of that vessel in double irons. G. C. Montagna, charge d'affaires of the Italian embassy, now located in Manchester-by-the-Sea, Mass., requested Major Sylvester to have his detectives look for four deserters.

Yesterday afternoon Detectives Helan and McNamee, and Policeman Oriani learned that two Italians wearing sailor's toggery had taken rooms at 302 B street northwest, and were working for a local concern. When they returned from their work the minions of the law got after them. The sailors made a dash for liberty, but both were caught after running a few blocks, and turned over to the duty officer of the Fieramosca.

Rutilio Tesoro and Rosario Galli are still missing, but efforts will be made to round them up today because the Fieramosca weighs anchor tomorrow morning and starts for New York, where the men aboard her will participate in the ceremonies attending the unveiling of a statue to the famous composer Verdi.

WILL REDUCE WIDTH OF NEWTON STREET

Engineer Commissioner John Biddle has approved the recommendation to reduce the width of Newton street northwest, between Fourteenth and Nineteenth streets, from its present width of thirty feet to twenty-four feet.

The reduction was protested by Frank E. Waring, of 1423 Newton street, who claimed that the District Commissioners have no implied or expressed right to narrow or widen a street. Commissioner Biddle, however, took the ground that the reduction contemplated will not affect the conformation of the building lines along the streets in question.

"77" stops a fresh cold quick and breaks up a stubborn cold that hangs on—Grip.

"Seventy-seven" is put up in a Small Vial of pleasant pellets that fits the vest pocket.

Alexandria Trolleyman Hit by Electric Car

WASHINGTON TIMES BUREAU.
ALEXANDRIA, VA., SEPT. 29.
William Litchford, a trolleyman on the Washington, Alexandria, and Mt. Vernon railway, was knocked down and painfully injured by an electric train at New Alexandria about noon today. He was flagging the train at the time of the accident.

Litchford was brought to this city and taken to the Alexandria Hospital for treatment. Later he was able to be moved to his home in South Columbus street.

Railway Station Moved.
The station of the Washington, Alexandria, and Mt. Vernon Railway Company was this afternoon moved from the northeast corner of Prince and Royal streets to the southwest corner of the same streets.

In Alexandria Churches.
At Grace Protestant Episcopal Church tomorrow the Rev. Mr. Snyder, of the Theological Seminary, will occupy the pulpit.
The Rev. C. C. Brown, of Horseshoe, N. C., will preach at the Second Presbyterian Church.
Tomorrow will be rally day at Trinity

Methodist Episcopal Church. At night Miss Ruth Robinson, daughter of Bishop Robinson, of Lucknow, India, will deliver a missionary sermon.

Burglar Enters Home.
P. S. Beanger has reported to the police that some one entered his house in upper King street last Thursday night and stole a pistol, a suit of clothes, and \$7 in money.

Southern Day at Luna.
Next Monday will be Southern Day at Luna Park, and a large crowd is expected to go from this city. The public schools will give a half holiday, giving the children a chance to pay a visit to the park.

Confederate Veterans to Meet.
R. E. Lee Camp, Confederate Veterans, will hold a meeting at Lee Camp Hall Monday evening.

Services in Synagogue.
Services in commemoration of the Day of Atonement were held this morning in the Jewish Synagogue in North Washington street.

STAFF OFFICERS WHO WILL GO TO CUBA

(Continued from First Page.)

ship, Judge Advocate General Department.

"The following officers have been telegraphed for by Secretary Taft:
"Major Jefferson R. Keen, Medical Department; Capt. Frank McIntyre, Nineteenth Infantry.

Composition of Expedition.

"Composition of the first expedition:
"Fifth Infantry, Col. Calvin D. Cowles, commanding, Plattsburg, N.Y.; Eleventh Infantry, Col. Albert I. Myer, commanding, Fort D. A. Russell, Wyoming; Seventeenth Infantry, Col. John T. Van Orsdale, commanding, Fort McPherson, Ga.; Twenty-seventh Infantry, Col. William L. Fletcher, commanding, Fort Sheridan, Ill.; Twenty-eighth Infantry, Col. Owen J. Sweet, commanding, Fort Snelling, Minn.; Eleventh Cavalry, Col. Earl D. Thomas, commanding, Fort Des Moines, Iowa; Fifteenth Cavalry, Col. William H. Wallace, commanding, Fort Ethan Allen, Vt.; Fourteenth Battery, Field Artillery, Capt. Geo. G. Gately, commanding, Fort Sheridan, Ill.; Seventeenth Battery Mountain Artillery, Capt. George L. Irwin, commanding, Vancouver Barracks, Wash.; Eighteenth Battery Mountain Artillery, Capt. E. M. Blake, commanding, Vancouver Barracks, Wash.; Second Battalion Engineers, Major William C. Langfitt, commanding, Washington

Barracks, D. C.; Company I, Signal Corps, Capt. George S. Gibbs, commanding, Fort Omaha, Neb.

Total Force of 5,652 Men.

"There will be two battalions with regimental headquarters and band, 36 officers and 555 enlisted men from each regiment of infantry and cavalry, one machine gun platoon for each regiment twenty-one enlisted men. Each battery will consist of five officers and 120 enlisted men; battalion engineers, 15 officers and 418 enlisted men; signal company, 3 officers and 15 enlisted men; medical department, 26 officers and 371 enlisted men. This makes the total force 5,652.

Engineer Corps Ready to Move

Major Langfitt, commanding the United States Engineer Corps, stationed at the Washington Barracks, and who are under standing orders to keep themselves in readiness for actual service, stated last night that the four companies in the battalion were prepared and await orders to proceed to Cuba. Since the order of Thursday everything has been hustle and bustle around the barracks and the men and equipment are in a first-class state of prepared-

STILLINGS STARTS LINO TYPE SCHOOL

In order that every printer in the Government Printing Office may have a thorough knowledge of the linotype machine, Public Printer Charles Stillings will tomorrow inaugurate his proposed system of linotype instruction.

It is the intention of the Public Printer to secure not only for every printer in the big print shop this valuable addition to his general training, but also to make it possible for every one to secure the extra 20 per cent in salary which is now paid to the linotype force. By the Public Printer's plan the men will begin an interchangeable arrangement, two shifts of eight hours each, alternating.

Major Langfitt will take 350 men and ten or twelve officers. All of them are well seasoned because they recently returned from a two-months' encampment at Ft. Gretna, Pa.

Major Langfitt stated that no further orders had been received except the one instructing that troops be kept in readiness for service. Should the order to leave the barracks at the earliest possible moment come the engineers can get away inside of forty-eight hours.

The Third and Fourth batteries of artillery are practically ready to go to Cuba. No orders regarding their movements have as yet been received at the fort, although both commands have been prepared to leave since last Thursday's order. The Third Battery is commanded by Capt. T. M. Horn, and the Fourth by Capt. Daniel Moore. The commands will each have 125 men and four officers. At the fort yesterday it was said the men could leave in twenty-four hours if it was necessary, but ordinarily it would require two or three days for them to prepare for a campaign.

General Wint to Have Charge at Newport News

Major Gen. Theodore J. Wint, at present at Omaha, in command of the department of the Missouri, has been ordered by the War Department to proceed at once to Newport News and there to superintend the embarkation of all the troops of the first Cuban expedition from the trains and their embarkation on the ships.

INJURED ABOUT BODY.

Moses Jackson, colored, twenty-seven years old, of 194 K street southeast, was painfully injured about the body yesterday by being caught between a garbage wagon and a fence in an alley between Third, Fourth, I, and K streets northwest. He was removed to Freedman's Hospital.

NERVY THIEF ROBS HOUSE OF BANKER

Told Maid He Took Measurements, But Took \$5,500
Worth of Jewels.

NEW YORK, Sept. 29.—A well-dressed and self-possessed young man called at the home of David Taylor, vice president of the Coal and Iron National Bank of this city, in Madison, N. J., last Wednesday. Mr. Taylor's family was away from home, and to the maid who admitted him the visitor said he was a representative of a large department store in this city.

"I have come to take the measurements for some hangings which Mr. Taylor has ordered," he explained.

The maid allowed the man to enter, and he went through the second floor of the house, taking measurements at windows and doors. The maid did not accompany him, but went about her work in the lower part of the house. The young man remained in the house about half an hour, examining all of the upstairs rooms.

As he left the house the young man thanked the maid for her courtesy. "I have accomplished my work and everything is perfectly satisfactory," he said.

When Mr. Taylor and his family returned to their home they quickly found that the young man's work was anything but satisfactory to them. Bureau drawers had been opened and searched, and the contents of small cabinets thoroughly investigated. Every room on the upper floors of the house showed signs of the young man's presence. From each room some article was missing. Gold pins, watches, chains, brooches, rings, and even combs had disappeared. Not a piece of jewelry such as might be slipped in a man's pocket remained. Mr. Taylor estimated his loss at \$5,500.

GARBAGE COLLECTIONS ON TRI-WEEKLY PLAN

The winter garbage collection service will go into effect tomorrow, according to a bulletin just issued by Superintendent J. T. Twohey, of the District Street Cleaning Department. This will mean that Washington householder will now get a tri-weekly service in place of a daily one.

Superintendent Twohey has directed the garbage contractor to furnish him with a map showing the collection days throughout the District, and from this a notice will be made which will be sent to householders telling them when to expect the garbage man.

NEW COLUMBIA RECORDS FOR OCTOBER

Announcement of Importance in Men's Hats and Furnishings

Tomorrow at 8 o'clock we shall begin a rapid disposal of the Fall and Winter stocks. As in previous years, we made our purchases for these seasons six months in advance and long before we had any intimation that the building would be sold over our heads. The letter which we reproduce above shows you what a position we are in and how absolutely necessary it is for us to make a complete sacrifice of this stock. Our store and stock rooms are filled with carefully selected merchandise, which we shall commence to sell tomorrow at 35 per cent to 50 per cent lower prices than in any other store in Washington. This is a splendid opportunity to supply your wants for the winter.
